Dear Johns,

Thanks for your 6/24.

Whether or not I agree with much of what you will air is not what is important to me. What I regard as important is that the people not be misled or misinformed.

Particularly not about errant officials who failed to meet their obligations.

Good luck with your show!

By the way, in addition to a cassette, you also said you would send me copies of the transcripts.

They can be valuable for archival purposes.

I'll assume you want no comment unless you ask for it.

Our best to you both,

Harold Weisberg
